

# FORUM HOLZBAU POLSKA

**4<sup>th</sup> Forum Holzbau Polska (HBP2020)**

**5-6 October 2020**

Hotel Windsor, Jachranka | Warszawa

## COVID-19 INFORMATION

**Making your participation at the 4<sup>th</sup> FORUM HOLZBAU POLSKA safe takes top priority!**

Therefore, we have developed the following measures in close cooperation with health authorities and the venue management of the Hotel Windsor to protect all conference participants, our staff as well as partners, sponsors and exhibitors. With your cooperation, we want to ensure consistent implementation of those measures:

Controlled entrances and exits (where possible in a one-way system) to ensure orderly entry and exit

Temperature measurement of all participants and employees when entering the conference venue

Systematic recording of all congress participants and all other persons present at the venue

Disinfectant dispensers are available at the entrance as well as public areas

Sufficient provision of toilet facilities to ensure that proper hand hygiene is possible at all times

Providing adequate and sufficient space so that, the minimum distance between participants can be maintained

Wearing a mouth and nose cover in all prescribed areas, e. g. where the minimum distance cannot be maintained

Proper and sufficient ventilation of the conference rooms as well as all generally accessible parts of the building

Generally accessible areas and infrastructure facilities will be cleaned at shorter intervals and disinfected continuously

Up-to-date information concerning applicable safety and hygiene measurements on site for all those present

**Please take part in our congresses in a responsible manner and help us to ensure the highest possible level of safety together.**
